

**Network Report
(October) 2018**

| 1. Final Reports published in the last two months | | | | | |
|----------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|-------------------|-----------------|-------------------------|
| Project ref | Project title | Chief investigator | Start date | End date | Publication date |
| 13/10/42 | Impact of closing Emergency Departments in England (closED) | Dr Emma Knowles | Jan 15 | Jan 17 | Aug 18 |
| 15/77/25 | Supporting shared decision making for older people with multiple health and social care needs: a realist synthesis to inform emerging models of health and social care | Professor Frances Bunn | Jul 16 | Jun 17 | Aug 18 |
| 15/77/10 | Understanding new models of care in local contexts: a systematic review using frameworks to examine pathways of change, applicability, and generalisability of the international research evidence | Dr Susan Baxter | Aug 16 | Jul 17 | Aug 18 |
| 14/04/33 | Understanding employee whistleblowing in health care | Professor Russell Mannion | Nov 15 | Oct 16 | Aug 18 |
| 12/130/33 | Comprehensive Longitudinal Assessment of Salford Integrated Care (CLASSIC): a study of the implementation and effectiveness of a new model of care for long-term conditions | Professor Peter Bower | Apr 14 | Jan 17 | Sep 18 |

| | | | | | |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------|--------|--------|
| 12/5001/62 | Culturally-adapted Family Intervention (CaFI) for African Caribbeans with schizophrenia and their families: A feasibility study of implementation and acceptability | Dr Dawn Edge | May 13 | Jan 17 | Sep 18 |
| 13/07/48 | Creating Learning Environments for Compassionate Care (CLECC): a feasibility study | Professor Jackie Bridges | Dec 14 | Dec 16 | Sep 18 |
| 14/19/43 | Evaluating nuanced practices for initiating decision making in neurology clinics | Professor Markus Reuber | Aug 15 | Apr 17 | Sep 18 |

| 2. Projects started in the last two months | | | | |
|---------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|-------------------|-----------------|
| Project ref | Project title | Chief investigator | Start date | End date |
| 16/116/03 | First Contact Physiotherapy in Primary Care (FRONTIER): A Realist Evaluation of effectiveness and costs | Professor Nicola Walsh | 01/09/2018 | 31/08/2021 |
| 16/117/04 | Multi-disciplinary Evaluation of Sexual Assault Referral Centres for better Health (MESARCH) | Dr Lorna O'Doherty | 01/09/2018 | 31/05/2022 |
| 17/05/110 | Exploring the local operation and impact of Healthwatch in England five years on: using actor-network theory to optimise patient and public voice in NHS commissioning and service provision | Professor Glenn Robert | 01/09/2018 | 28/02/2021 |
| 17/05/88 | Effectiveness of multiple risk behaviour interventions in people with severe mental illness | Dr Nicholas Meader | 01/09/2018 | 30/06/2020 |
| 17/05/96 | Identifying models of care to improve outcomes for older people with emergency and urgent care needs | Professor Simon Conroy | 01/09/2018 | 31/08/2021 |
| 17/08/25 | An investigation of the scale, scope and impact of skill mix change in primary care | Dr Sharon Spooner | 01/09/2018 | 31/08/2020 |
| 17/45/22 | The role of primary care in reducing the decline in physical function and physical activity in people with long-term conditions; what works, for whom and in what circumstances? A realist synthesis of evidence. | Dr Rebecca-Jane Law | 01/09/2018 | 29/02/2020 |

| 3. Journal articles published in the last two months | | | | |
|------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Project Ref | Project title | Chief investigator | Output details | Date |
| 15/77/25 | Supporting shared decision making for older people with multiple health and social care needs: a realist synthesis to inform emerging models of health and social care | Professor Frances Bunn | Bunn, F; Goodman, C; Russell B, Wilson P; Manthorpe, J; Rait, G; Hodkinson, I; Durand, M-A. Supporting shared decision making for older people with multiple health and social care needs: a realist synthesis <i>BMC Geriatrics</i> | 01 Aug 18 |
| 14/19/43 | Evaluating nuanced practices for initiating decision making in neurology clinics | Professor Markus Reuber | Toerien, M; Reuber, M; Shaw, R; Duncan, R. Generating the perception of choice: the remarkable malleability of option-listing <i>Sociology of Health and Illness</i> | 03 Aug 2018 |
| 11/1017/07 | Comorbidity and dementia: improving healthcare for people with dementia. (CoDem) | Professor Frances Bunn | Bennett, H; Norton, S; Bunn, F; Robinson, L; Rait, G; Goodman, C; Brayne, C; Matthews, F. The impact of dementia on service use by individuals with a comorbid health condition: a comparison of two cross-sectional analyses conducted approximately ten-years apart. <i>BMC Medicine</i> | 08 Aug 2018 |
| 14/19/22 | Geographical understanding of variation in place of death: the role of care services and end of life care improvement (GUIDE_Care Services) | Dr Wei Gao | Gao,W; Huque, S; Myfanwy, M; Higginson, I A population-based conceptual framework for evaluating the role of healthcare services in place of death <i>Healthcare</i> | 30 Aug 2018 |
| 15/70/101 | Managing medicines for patients with serious illness being cared for at home | Dr Kristian Pollock | Wilson, E; Caswell, G; Turner, N; Pollock, K. Managing medicines for patients dying at home: A review of family caregivers' experiences <i>Journal of Pain and Symptom Management</i> | 11 Sep 2018 |
| 13/54/75 | Understanding variation in rates of ambulance service 'non-conveyance of patients to an emergency department' | Professor Alicia O'Cathain | Alicia, O'Cathain; Richard, Jacques; Tony, Stone; Janette, Turner. Why do ambulance services have different non-transport rates? A national cross sectional study <i>PLOS One</i> | 19 Sep 2018 |
